Activity 3

What makes a proper conclusion? Write down what conditions a conclusion must satisfy to be a proper conclusion.

Based upon the collected data, write an even better conclusion and accompanying advice to the ISL.

Using the knowledge gained in this activity, write down what you would like to change to your earlier drawn conclusion in the pirates activity.
I have learned in this activity that:

I have learned that doing good scientific investigation means:

What I liked about this activity is:

What I believe could be improved about this activity:
